Unpunched options available in all variants
these feature a grey coupler to distinguish from punched

RANGE

Extensive range providing choice of diameter, length, stiffness and filtration to suit the application

DURABILITY

Proven reliability with almost 50 years in the New Zealand market, consistent quality management verified by ISO 9001 certification and IANZ accredited laboratory

STRENGTH

Independently verified by Bureau Veritas to meet SN6 and SN10 stiffness rating, options available to meet both NZTA F/2 and F/5 specification

FLOW

Drainflo Smooth range has 50% higher flow rates – ideal for low gradient or high volume applications

DRAINAGE

Specifically designed slot pattern maximises drainage performance whilst maintaining strength

FILTRATION

Custom-made Cirtex® Filter Sleeve options available as a tested and proven filtration solution for protecting subsoil drains from sedimentation

NZ MADE

Complete Drainflo® range of pipe and fittings made right here in New Zealand

100% RECYCLABLE

Drainflo HDPE material is 100% recyclable, we will take back unused off-cuts for recycling and re-process our HDPE production waste to avoid waste going to landfill
